Dear traveller,  
HEALTH COMES FIRST

The Peruvian Government has taken the following measures to fight COVID-19:

- As part of Peru’s economic reactivation, international flights between seven countries have been resumed. Likewise, domestic flights have doubled, and protocols have been approved for hotels and restaurants, train services, travel agencies, guides and hostels, adventure tourism and domestic flights, among other businesses.

- The use of a mask in public is mandatory throughout the country, and to maintain the decline of infections, the population is reminded of the importance of constant hand washing and maintaining social distance.

- The National State of Emergency will run until October 31, 2020, and the population may freely circulate from 04:00 to 23:00. Private vehicles are prohibited from circulating on Sundays.

- In the departments of Cusco, Puno, Moquegua and Tacna, and the provinces of Abancay, Huamanga and Huanuco, the curfew is maintained on Sundays throughout the day until 04:00 hours on Monday.

If you have any questions, please contact the Tourist Protection Network through the iPerú service:
